(April 2015)

SUMMARY

Performance during April 2015

During April 2015, the production of crude oil, refinery, export cargo handled at airports and passengers handled at Domestic terminal of the airports have **exceeded** their respective targets. However, power generation, fertilizer production, natural gas production, up gradation of highways by NHAI, goods traffic carried by railways, import cargo handled at airports and passengers handled at international terminal of airports **lagged** behind their respective targets.

2. The Power generation, production of coal, finished steel, fertilizers, up gradation of highways by NHAI, goods traffic carried by railways, cargo handled at major ports, export and import cargo handled at airports, passengers handled at both terminals (International & Domestic) of the airports, net addition in switching capacity and net wireless connections provided have recorded **positive growth** over the performance during the corresponding period of the previous year. However, the production of cement, crude oil, refinery, natural gas and up gradation of highways by state PWD & BRO recorded **negative growth** over the performance during April 2014.
