PERFORMANCE OF INFRASTRUCTURE SECTORS

(September and April - September 2017)

Performance during September 2017

During September 2017, the power generation, production of coal, refinery, goods traffic carried by railways, export & import cargo handled at airports and passenger traffic handled at domestic terminal of the airports were **higher** than the respective targets **as well as** the performance during the corresponding month of the previous year. During the month, production of fertilizers and upgradation of highways by NHAI were **lower** than the respective targets **as well as** the performance during the corresponding month of the previous year. Production of crude oil, natural gas, upgradation of highways by State PWD and Border Road Organisation (BRO) and passenger traffic handled at international terminals of the airports were **lower** than the target for the month but **higher** than the performance during the corresponding month of last year. During the month, production of finished steel, cement, cargo handled at major ports and coal handled at major ports were **higher** than the performance during the corresponding month of the last year. However, net new addition in switching capacity is **lower** than the corresponding month of the previous year.

Performance during April - September 2017

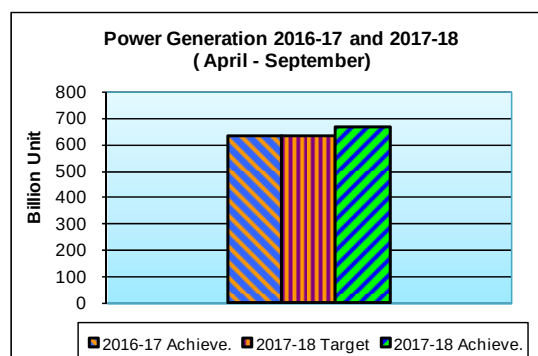

During April – September 2017, the power generation, production of coal, refinery, upgradation of highways by State PWD and Border Road Organisation (BRO), goods traffic carried by railways, export & import cargo handled at airports and passengers handled at domestic terminal of the airport were **higher** than the respective targets **as well as** the performance during the corresponding period of the previous year. The production of fertilizers and crude oil were **lower** than the respective targets **as well as** the performance during the corresponding period of the previous year. During the period natural gas, upgradation of highways by NHAI and passengers handled at international terminal of the airport were **lower** than the respective targets but **higher** than the performance during the corresponding period of the previous year. The production of finished steel, cargo handled at major ports and net(new) wireless(WLL+GSM) connections provided were **higher** than the performance during the corresponding period of the previous year. However, production of cement and coal handled at major ports were **lower** than the corresponding period of the previous year.

The sector-wise details and trend of performances are given below:-

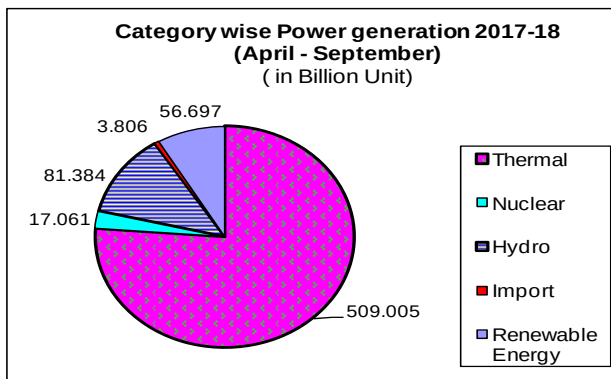

1. POWER

1.1 During September 2017, the total power generation including private sector at 110.01 Billion Units (BU) was **higher** than the target for the month **as well as** the power generation during the corresponding month of the previous year by 3.21% and 3.44% respectively.

During April - September 2017, the overall power generation including private sector at 667.95 Billion Units (BU) was **higher** than the targets for the period **as well as** the power generation during the corresponding period of the previous year by 6.06% and 5.73% respectively. In power generation, the share of thermal, nuclear, hydro power plants and renewable energy was 76.20%, 2.55%, 12.18% and 8.49% respectively. The overall **growth rate** of power generation has **decreased** to 5.73% compared to the 6.41% achieved during April - September 2016.

1.2 Thermal power generation during April - September 2017 at 509.01 BU was 1.31%

lower than the target for the period but 5.20% **higher** than the power generation during the corresponding period of the previous year. Thermal Plant Load Factor (PLF) at 59.81% was **higher** than the target of 58.27% for the period **as well as** the PLF of 58.79% achieved during the corresponding period of the previous year. Nuclear power generation at 17.06 BU was **lower** than the target for the period **as well as** the generation during the corresponding period of the previous year by 23.47% and 10.15% respectively.

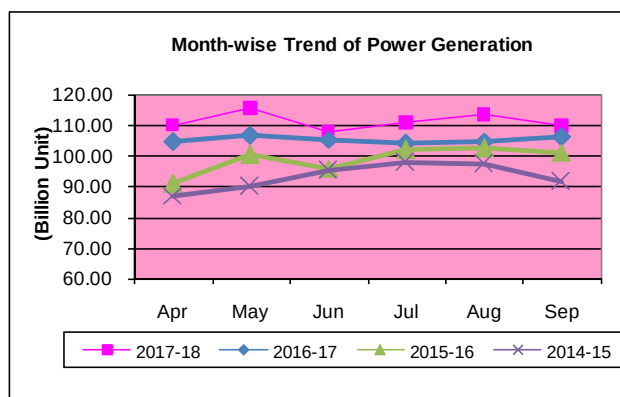

PLF at 57.29% was **lower** than the target of 75.99% for the period and also **lower** than the achievement of 74.80% during the corresponding period of the previous year.

1.3 Hydro power generation at 81.38 BU was 8.20% **lower** than the target during April - September 2017 but 4.79% **higher** than the achievements during corresponding period of the previous year. Hydro power generation in Western, Southern and Eastern regions were **lower** than the respective targets.

1.4 Renewable energy generation at 56.70 BU was 19.93% **higher** than the generation during April - September 2016. **The targets of renewable energy have not been reported by M/o New & Renewable Energy.**

The monthly trend of power generation during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is shown in the adjoining chart.

During April - September 2017, the **power shortage** in the country was 0.7%, which was **same** during April - September 2016.

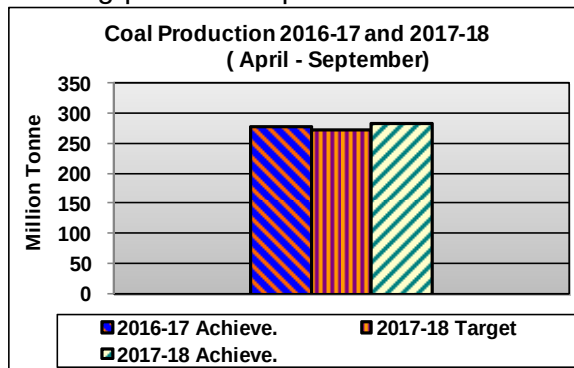

1.5 Thermal power stations (TPS) have received 469.72 lakh tonnes of coal during September, 2017 which was 121.53% of monthly allocation of 386.50 lakh tonnes. A closing stock of 130.10 lakh tonnes was available with Thermal Power Stations (TPS) at the end of September 2017.

2. COAL

2.1 During September 2017, the coal production including private companies at 46.65 Million Tonnes (MT) was **higher** than the target for the month **as well as** the production during the corresponding month of the previous year by 8.42% & 10.45% respectively.

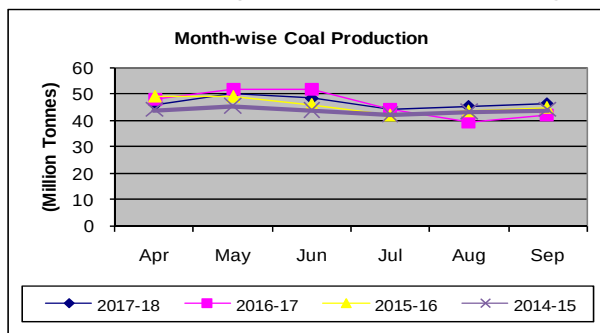

Coal production including private companies during April - September 2017, at 282.64 Million Tonnes (MT) were **higher** than the target for the period **as well as** the production during the corresponding period of the previous year by 3.40% and 1.63% respectively. The coal production of all coal companies except CCL, NCL and NEC of CIL were **lower** than the targets for the period.

During the April - September 2017, 14.19 MT coking coal was produced by Coal India Ltd (CIL) and other companies produced 3.40 MT coking coal. The CIL also produced 0.84 MT of washed coal during the period.

2.2 During April - September 2017, 322.02 MT coal was despatched, which was **higher** than the target for the period **as well as** the coal despatched during the corresponding period of the previous year by 3.67% and 8.26% respectively. At the end of September 2017, 37.98 MT coal was lying at the pitheads compared to 45.72 MT during September 2016.

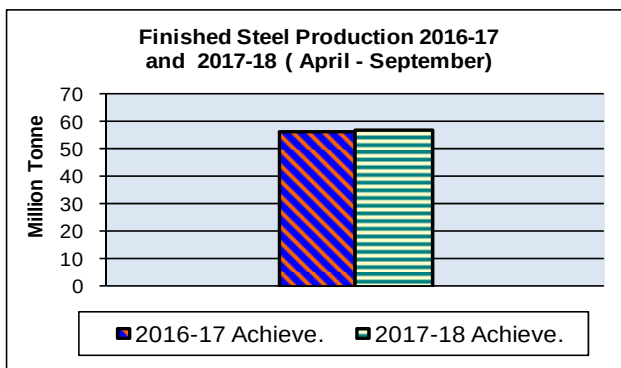

The monthly trend of coal production during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is shown in the side chart.

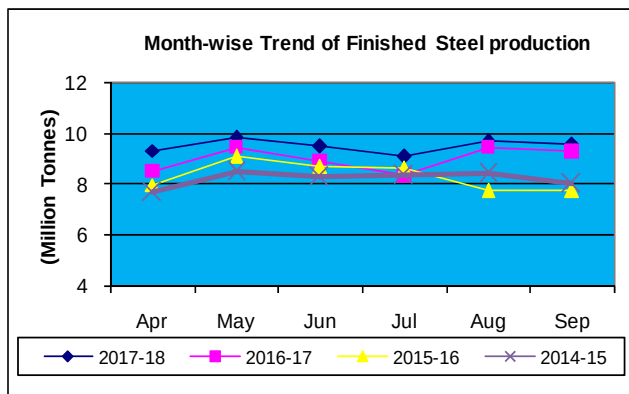

3. FINISHED STEEL

3.1 The production of **finished steel** including private sector during September 2017 at 9.58 Million Tonnes (MT) was 0.83% **higher** than the production during the corresponding month of the previous year.

Production of finished steel including private sector during April - September 2017 at 57.14 MT was 1.45% **higher** than the production during the corresponding period of the previous year. The growth rate is 1.45% compared to 10.57% achieved during April - September 2016. The main producers (SAIL + VSP + Tata Steel + JSWL + ESSAR + JSPL) produced 30.35 MT finished steel; this was only 53.13% of the total (All India) finished steel production. During this period, the capacity utilization of SAIL at 109.00% was **higher** than the capacity utilized 104.60% during April - September 2016.

3.2 During April - September 2017, the production at SAIL steel plants at 5.94 MT was **higher** than the target for the period **as well as** the production during the corresponding period of the previous year by 1.21% and 4.16% respectively. During the period, the share of **SAIL** was 10.40% only in the total (All India) finished steel production. However, the total production (All India) of the finished steel could not be compared with the targets as the reporting agency (Joint Plant Committee (JPC), M/o Steel) has not been reporting the targets for main producers (JSWL, ESSAR and JSPL) and secondary producers (major producers).

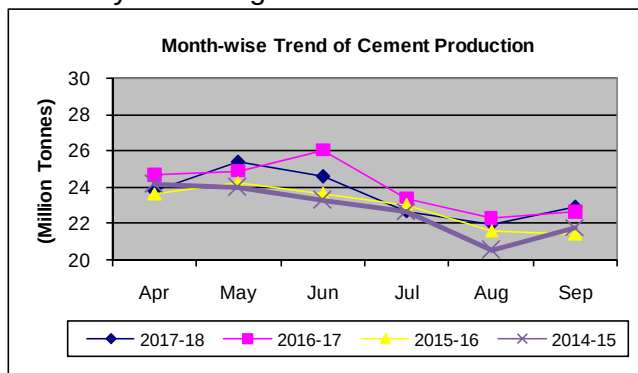

The monthly trend of finished steel production during four years i.e. 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is given in the above chart.

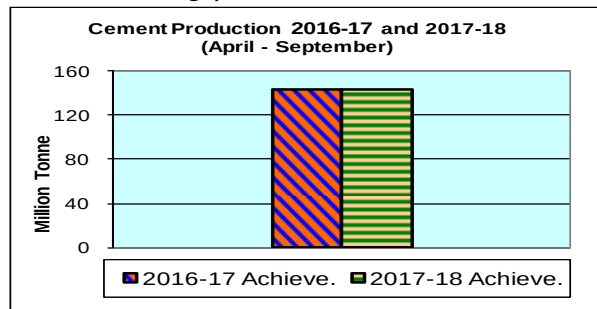

4. CEMENT

4.1 During September 2017, the cement production including private sector at 22.91 Million Tonnes (MT) was 1.26% **higher** than the production of 22.63 MT for the corresponding month of the previous year.

During April - September 2017, the cement production including private sector at 143.53 MT was 0.18% **lower** than the production during the corresponding period of the last year. The growth rate has decreased to

shown in the above chart.

(-)0.18% compared to 4.47% growth achieved during April - September 2016. The reporting agency (Cement Section, Department of Industrial Policy and Promotion) has reported total cement production only; sector-wise productions and targets have not been reported.

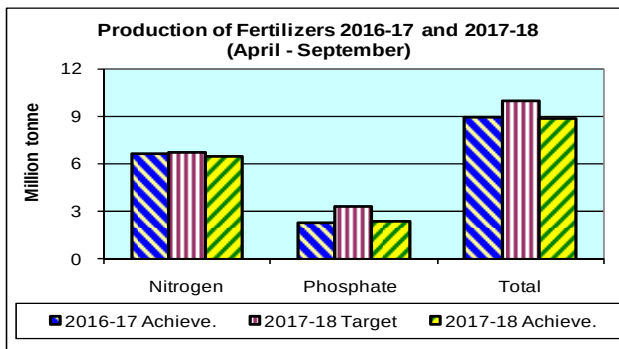

The monthly trend of Cement production during the four years i.e. 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is

5. FERTILIZER

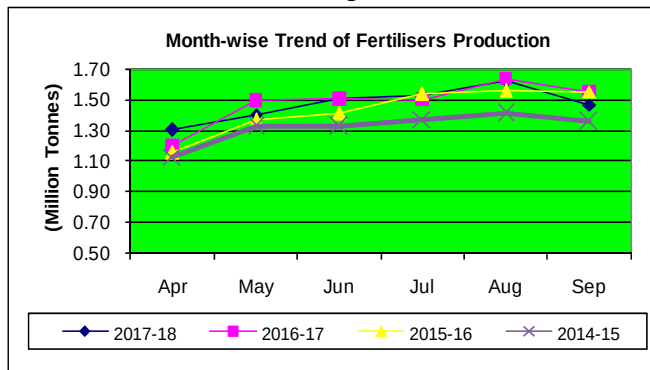

5.1 The production of fertilizers including private sector during September 2017 at 1.47 Million Tonnes (MT) was **lower** than the target for the month **as well as** the production during the corresponding month of the previous year by 12.50% and 5.55% respectively.

The overall production of fertilizers including private sector during April - September 2017 at 8.87 MT was **lower** than the target for the period **as well as** the production during the corresponding period of the previous year by 11.26% and 0.97% respectively. *The Ministry of Fertilizers reported that the shortfall in production was **due to shutdown of plants**.*

During April - September 2017, 93.50% capacity of fertilizer industries was utilized, which was **lower** than the target of 106.80% for the period but it was similar to the capacity utilized during the corresponding period of the previous year.

5.2 Production of nitrogenous fertilizers at 6.48 MT was **lower** than the target for the period

above chart.

as well as the production during the corresponding period of the previous year 3.40% and 2.77% respectively. The production of phosphates at 2.39 MT was 27.27% **lower** than the target for the period but it was 4.24% **higher** than the production during the corresponding period of the previous year.

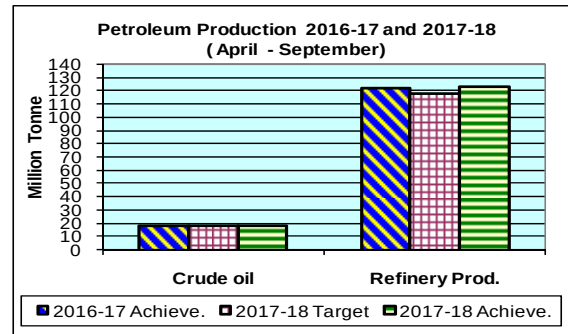

The monthly trend of fertilizer production during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is shown in the

6. PETROLEUM & NATURAL GAS

6.1 Production of crude oil including private sector during September 2017 at 2.92 Million Tonnes (MT) was 5.14% **lower** than the target for the month but **higher** than the production during the corresponding month of the previous year by 0.09%.

Crude oil production including private sector during April - September 2017, at 18.03 MT was **lower** than the target for the period **as well as** the production during the corresponding period of the previous year by 3.44% and 0.22% respectively. A negative growth rate of (-)3.30% was achieved during April - September 2016.

The production was affected due to natural decline/increase in water cut from matured fields and severe monsoon of western offshore, frequent power shut down, less than planned production, under performance of wells, and test production from 5 oil wells etc.

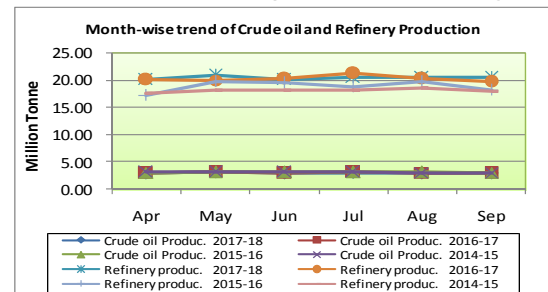

6.2 Refinery production including private sector during September 2017 at 20.48 Million Tonnes (MT) was **higher** than the target for the month **as well as** the production during the corresponding month of the previous year by 3.45% and 3.87% respectively.

Refinery production including private sector during April - September 2017, at 122.39 MT was **higher** than the target for the period **as well as** the production during the corresponding period of the previous year by 3.94% and 0.73% respectively. The growth has decreased to 0.73% compared to 7.91% achieved during April - September 2016.

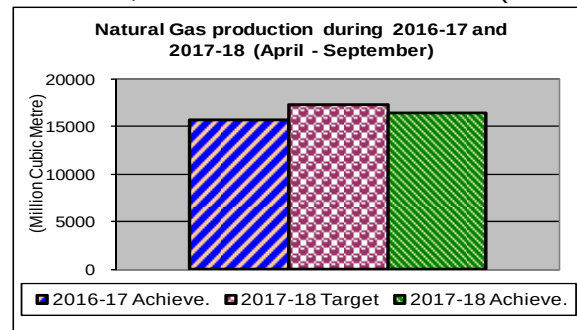

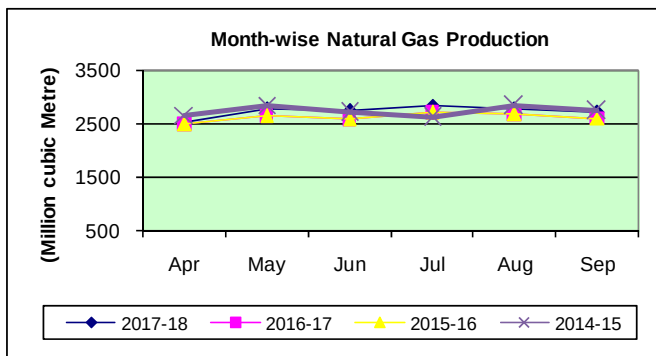

During the period, the overall capacity utilization was 104.32% which was **lower** than the achievement during April - September 2016 of 105.34%.

The adjoining chart shows the monthly trend of crude oil and refinery production during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September).

6.3 Natural Gas production including private sector at 2,723 Million Cubic Meters (MCM) during September 2017 was 5.58% **lower** than the target for the month but 4.74% **higher** than the production during the corresponding month of the last year.

Production of natural gas including private sector during April - September 2017 at 16,413 Million Cubic Metres (MCM) was 5.42% **lower**

than the target for the period but 4.38% **higher** than the production during the corresponding period of the previous year. A negative growth of (-)4.41% was reported during April - September 2016. *The production was affected due to delay in commencement of production from well, less off-take by power plants, concurrent planned shut down,*

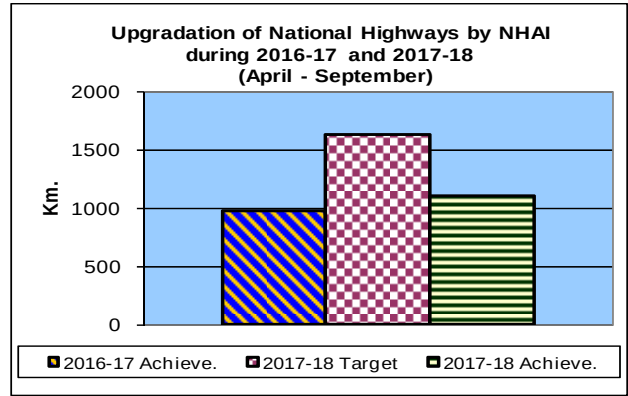

underperformance of wells and planned closure.

The monthly trend of Natural Gas Production is shown during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) in the above chart.

7. ROADS

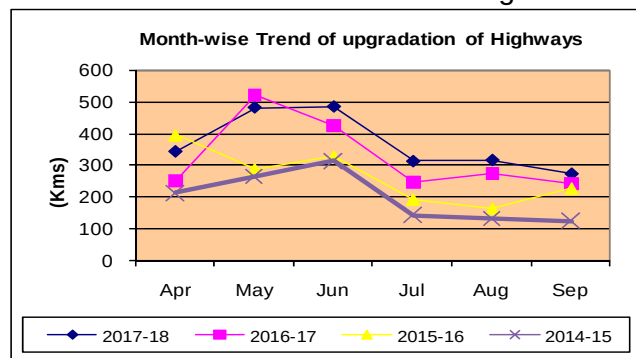

7.1 During September 2017, National Highways Authority of India (NHAI) widened/ upgraded 138.00 km highways which was **lower** than the target for the month **as well as** the upgradation during the corresponding month of the previous year by 23.33% and 8.61% respectively. During September 2017, State PWD and Border Road Organisation (BRO) widened 13.12 km to four/six/eight lanes, 70.54 km to two lanes and strengthened 50.63 km of existing weak pavement.

During April - September 2017, the National Highways Authority of India (NHAI) have constructed/widened and strengthened 1110.00 Kilometre (Km) of National Highways to four/six/eight lanes, which was 32.32% **lower** than the target of 1640.0 Km for the period but it recorded a growth of 12.69% over the achievement of 985.0 Km during April - September 2016. The State PWD and Border Road Organisation (BRO) have widened 65.30 Kilometer to four/six/eight lanes and 677.12 Km to two lanes. They have also strengthened 760.52 Km of existing weak pavements. In addition, they have also improved 1936.19 Km of riding quality.

7.2 As part of up-gradation, 35 bridges were also rehabilitated/ constructed against the target of 30 bridges during the period. During the corresponding period of last year 14 bridges were **rehabilitated/ constructed**.

The monthly trend of upgradation/ strengthening of highways during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is shown in the adjoining chart.

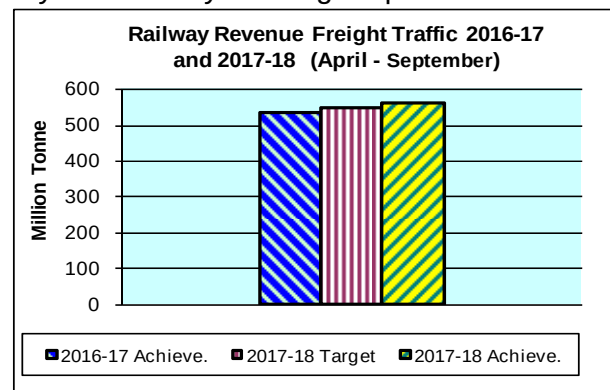

8. RAILWAY REVENUE EARNING FREIGHT TRAFFIC

8.1 **Revenue earning goods traffic** carried by the railways during September 2017 at 91.43 Million Tonnes (MT) was **higher** than the target for the month **as well as** the goods carried during the corresponding month of the previous year by 3.00% and 5.88% respectively.

During April - September 2017, the freight traffic carried by the Railways at 559.16 MT was **higher** than the target for the period **as well as** the performance during the corresponding period of the previous year by 2.46% and 5.04% respectively. The growth rate has increased to 5.04% compared to (-)1.60% achieved during April - September 2016.

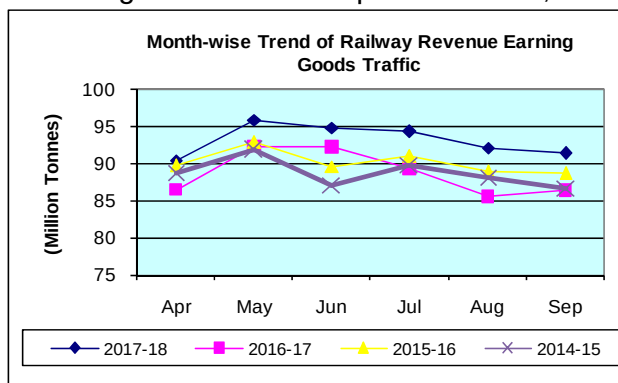

During the period, loading of all commodities except fertilizers recorded **positive** growth over that during corresponding period of the last year. As compared to the targets for the period, loading of all the commodities except coal, foodgrains and fertilizers were **higher**.

8.2 Loading of coal by Coal India Ltd. (CIL) during September 2017 was 210 Rakes per day, which was 13.93% **lower** than the target of 244 Rakes per day for the month but 9.38% **higher** than the loading of 192 Rakes per day during September 2016.

8.3 Railways carried 673.07 Million passengers during the month of September 2017, which was 1.44% **Lower** than the 682.92 Million passengers booked in the corresponding month of the previous year.

8.4 Total earnings (Passengers + Goods + Sundries & other coaching) were Rs. 80,519.39 crore during April - September 2017, which was 5.39% **higher** than the total earning of Rs. 76,404.76 crore during April - September 2016.

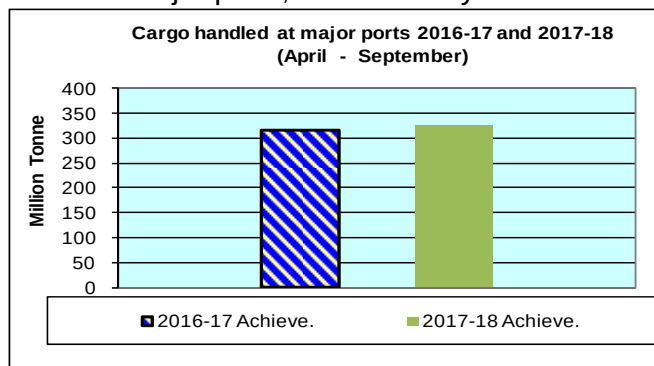

The monthly trend of freight traffic carried by Railways during 2014-15, 2015-16, 2016-17 and 2017-18 (April – September) is shown in the above chart.

9. SHIPPING AND PORTS

9.1 As reported by Ministry of Shipping, there are 13 major ports, as notified by Govt. of India, in the country which handled 52.09 Million Tonnes (MT) cargo during September 2017, which was 2.73% higher than the cargo handled during the corresponding month of the previous year.

13 major ports in the country handled 326.38 Million Tonnes (MT) cargo during April - September 2017 which was 3.24% **higher** than the performance during the corresponding period of the previous year.

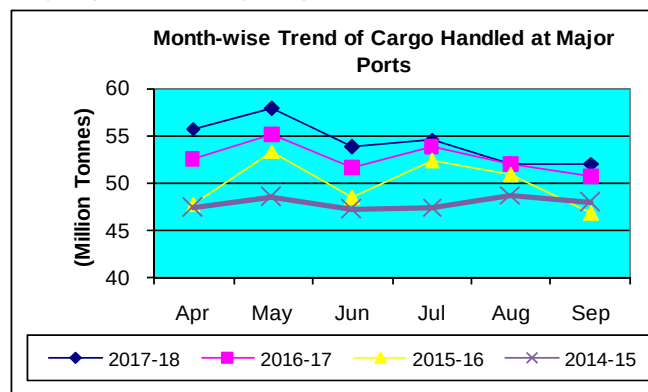

The growth rate has decreased to 3.24% compared to 5.40% achieved during April - September 2016. All major ports, except Vishakhapatnam, Tuticorin, Mormugao, Kandla and Ennore ports recorded positive growth.

9.2 Coal handled (thermal & coking) at all major ports during September 2017 at 10.17 MT was 4.24% **higher** than the 9.76 MT coal handled during the corresponding month of the previous year.

During April - September 2017, the overall coal handled (thermal & coking) at all major ports at 66.10 MT was 9.93% **lower** than the coal handled during April - September 2016.

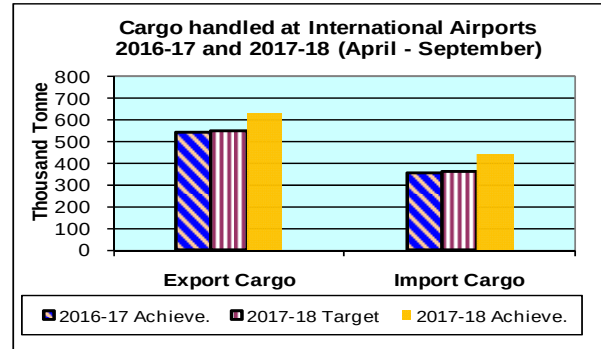

The targets for the year 2017-18 have not been provided by the reporting agency, the Indian Port Association (IPA).

The monthly trend of cargo handled at major ports during 2014-15, 2015-16, 2016-17 and 2017-18 (April - September) is given in the above chart.

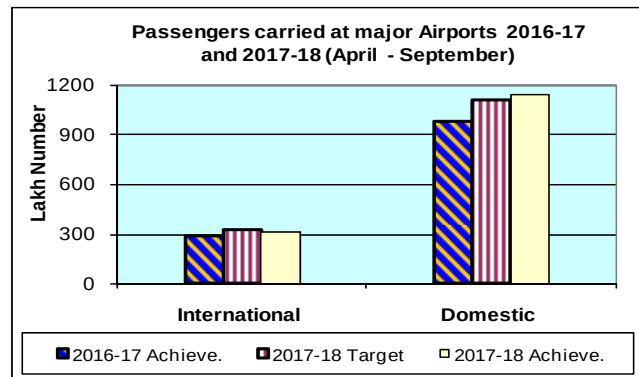

10. CIVIL AVIATION

10.1 Export and Import Cargo: Export cargo handled at the international terminals of 5 major and other airports during September 2017, at 1,03,873 tonnes was **higher** than the target for the month **as well as** cargo handled during the corresponding month of the previous year by 15.27% and 17.96% respectively. Import cargo handled at the international terminals of 5 major and other airports during September 2017 at 74,769 tonnes was **higher** than the target for the month **as well as** cargo handled during the corresponding month of the previous year by 20.56% and 23.38% respectively.

During April - September 2017, the export cargo of 6,29,821 tonnes handled at the international terminals of 5 major and other airports was **higher** than the targets for the period **as well as** the export cargo handled during the corresponding period of the previous year by 13.56% and 16.20% respectively. Further 4,41,535 tonnes of import cargo handled at the international terminals of 5 major and other airports was **higher** than the targets for the period **as well as** the import cargo handled during the corresponding period of the previous year by 20.48% and 23.29% respectively.

10.2 Passengers handled: As reported by Ministry of Civil Aviation, the International terminals of 5 major and other airports handled 51.00 lakh passengers during September 2017, which was 3.49% **lower** than the target for the month but 9.08% **higher** than the passengers handled during September 2016. The domestic terminals of 5 major and other airports handled 188.60 lakh passengers during September 2017, which was **higher** than the target for the month **as well as** the passengers handled during the corresponding month of last year by 2.65% and 16.29% respectively.

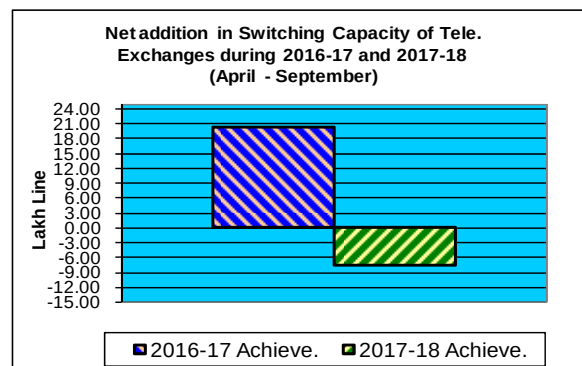

During April - September 2017, the International terminals of 5 major and other airports handled 313.97 lakh passengers which was 3.27% **lower** than the target for the period but 9.26% **higher** than the passengers handled during the corresponding period of the previous year. The domestic terminals of 5 major and other airports handled 1138.78 lakh passengers during the period, which was **higher** than the target for the period **as well as** the passengers handled during the corresponding period of last year by 2.42% and 16.07% respectively.

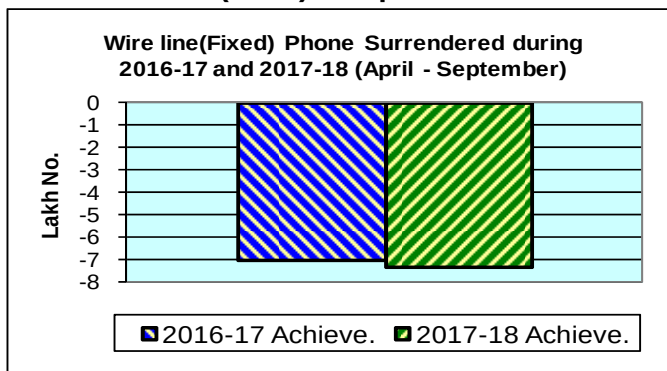

11. TELECOMMUNICATIONS

11.1 Addition in Switching Capacity: During September 2017, 3,50,072 lines of switching capacity excluding private sectors were **added** in the telephone exchanges at the national level {Wireline & wireless (WLL+GSM)} which was 46.90% **lower** than 6,59,283 lines **added** during the corresponding month of the previous year.

During April - September 2017, the public sector **deleted** 7,59,687 lines in the switching capacity of telephone exchanges at national level whereas 20,39,822 lines were **added** during the corresponding period of the previous year.

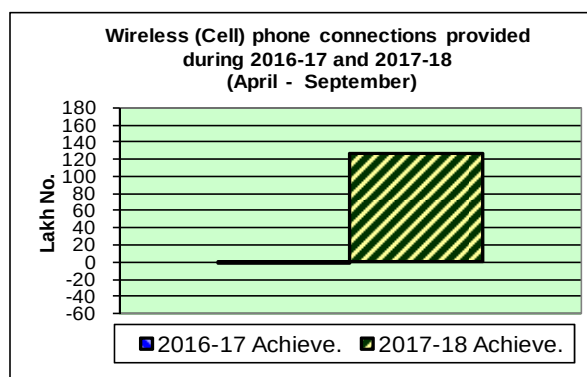

11.2 Wired line (fixed) Telephone connections: During September 2017, total 81,602 fixed (wireline) telephones connections including private sector were **disconnected/surrendered**, and during the corresponding month of the previous year 12,348 connections were **connected/ provided**.

the corresponding period of the previous year 7,01,304 connections were also **disconnected/ surrendered**.

11.3 Cell phone connections: During the month 28,32,300 new cell phone (Mobile) connections including private sector were **disconnected/ surrendered** and 48,90,379 connections were **connected/ provided** during the corresponding month of previous year.

During April - September 2017, at all india level 1,27,85,890 new cell phone (Mobile) connections including private sector were **connected/ provided** and 1,29,591 cell phone connections also **connected/provided** during the corresponding period of the previous year.

11.4 During the month 29.14 lakh telephone connections (fixed + cellular) were **disconnected/ surrendered** by the public and private sectors and 49.03 lakh connections were **connected/ provided** during the corresponding month of last year.

During April - September 2017, total 120.56 lakh telephone connections (fixed + cellular) were **connected/ provided** by the public and private sectors whereas 5.72 lakh connections were **disconnected/ surrendered** in the corresponding period of the last year.

INFRASTRUCTURE SECTOR PERFORMANCE
HIGHLIGHTS
Growth Achieved during the period April - September 2017
and during Last Three Years (April - September)
